

FROM THE DESK OF THE A.D.

HELLO FALLS RUN RESIDENTS!

Welcome back to my desk 😊. 2022 is refusing to be outdone and has come in like a world wind. To think, my son cried over Christmas because we didn't have any snow & now look at us!

Like many of you, this storm came and wreaked havoc on my neighborhood, leaving us without power & my poor sister-in-law was one of those people who spent 24 hours stranded on 95 after finishing her shift at the hospital. Though one side of my neighborhood is still suffering without power until potentially Sunday, while embracing for the impact of another round of snow tonight we have shown great signs of humanity. Much like the stories I've heard this week about neighbors being neighbors to one another here in Falls Run, I am so glad to know people are still in the business of loving others so well!

Much like you all I haven't seen the mail truck in days & we may not see our trashman for another week, but in the midst of it all I am so thankful in this moment for heat, warm food & that my grandmother taught me how to play card games long ago.

In anticipation for what may be another snowy night I want to encourage all of you to have a full tank of gas (grab your favorite snack while you're at the station). If you can find a wireless charging block for your cellphones & other devices grab one & make sure it's fully charged. If you haven't had a chance to meet your neighbors yet, get out & make a new friend today as things are always better with community! In the event you need non-emergency assistance that a neighbor cannot help with please reach out to Stafford County non-emergency line at 540-658-4400.

One last quote:

"If you look at what you have in life, you'll always have more. If you look at what you don't have in life, you'll never have enough. The smallest change in perspective can transform a life. What tiny attitude adjustment might turn your world around?"

- Oprah Winfrey

As always, it's a pleasure serving this community!
